Dear Mike,

It was one year ago that we purchased the giant ball, bat and glove from Fun Enterprises at the Winter Meetings. Originally, they were purchased as a gift for our CEO, but the ensemble has since become popular "public art" here at the Durham Bulls Athletic Park.

Fans are drawn to the antique replicas for memorable photos, and they serve as tremendous props for ballpark events.

When we made the purchase I was impressed with the turn-around time, smooth delivery and your attention to detail. We look forward to adding home plate to our "collection." Many thanks.

Sincerely,

George Habel  
Vice President
