We fell in love with the baseball art by Fun Enterprises at the Baseball Winter Meetings ... and our fans fell in love with the art this summer at Principal Park. We selected a bat, ball and glove -- all custom-designed to our wishes -- and installed the pieces in the entryway to our luxury suites on the third floor of the stadium. The art brightened up a previously gray area -- and immediately gives fans a larger-than-life welcome to the fun that lies ahead at the game. The three pieces are the background for fan photos all game long ... and a conversation piece for everyone who visits the stadium.

Michael Gartner, Principal Owner
